Re: October Quarterly Report (07/01/11 - 09/30/11), Committee to Re-Elect Linda Sanchez, FEC Id. No. C00384057

Dear Mr. Matheson:

This is the response of the Committee to Re-Elect Linda Sanchez (?Committee?) to the Commission?s request for additional information regarding the Committee?s October Quarterly Report.

With respect to the totals of the Summary and Detailed Summary Pages, an amendment will be filed to correct these figures for this report as well as the Year End Report. As the Committee noted on this report, the former treasurer was accused of misappropriating funds towards the end of the reporting period so the report was filed to the best of the Committee?s ability. The Committee has acquired additional records and information since this time, and will file an amendment pursuant to your request.

With respect to the employer and occupation information, an amendment will be filed that clarifies the following entries: ?BMI Inc./business,? ?N/A/None,? ?Self/none,? and ?Self-Employed/Business Exec.? However, the Committee notes that ?Business Exec.? should be a sufficient occupation description of a self-employed contributor, just as ?developer,? ?real estate? and ?surgeon? are sufficient on this report for other self-employed contributors.

The request from the Reports and Analysis Division states that ?Information Requested/Information Requested? is ?not considered acceptable.? This designation is widely used by committees reporting to the Federal Election Commission to indicate that the Committee has requested employer and/or occupation from contributors pursuant to the best efforts requirement. While the amendment will supply the information where it is available, the Committee does not agree that the designation of ?information requested? is unacceptable.

Finally, regarding the Committee?s best efforts, contributions are solicited stating that the Committee must use its best efforts to collect the employer and occupation information for any individual who contributes more than \$200 in an election cycle. Within thirty days of depositing a contribution, the Committee contacts the contributor orally or in writing to request any missing information. Written requests are sent via electronic mail or regular mail, and all regular mail letters include a self-addressed envelope per the regulation.

If you have any additional questions regarding this response, please contact me at your convenience.

Sincerely,

Jennifer May
Treasurer
